HEAR IT. SEE IT. REMEMBER IT.

Frequently Asked Questions

ABOUT DYSLEXIA MASTERED

Common questions about the app and how its tools can support reading, spelling and understanding.

1 What is Dyslexia Mastered?

A learning app that helps make tricky words easier to understand and remember using spelling tricks, pictures, audio and clear explanations.

2 Who is the app for?

Dyslexic learners of different ages, plus parents, carers and teachers who support them.

3 What is "My Tape"?

My Tape saves words you are working on. A saved word can include a spelling trick, voice recording and memory picture or card.

4 Can I listen instead of read?

Yes. Read to Me can read text aloud, and other tools let you hear words. Voice and speed can be changed in Settings.

5 What does Make It Clear do?

It turns difficult or complicated text into clearer, simpler language that is easier to understand.

6 Can it help with my writing?

Yes. Check My Writing can help spot possible mistakes and make your writing easier to understand.

7 What does Say This Word do?

If you are unsure how a word sounds, Say This Word lets you hear it spoken aloud.

8 Can I change how the app looks?

Yes.Changetext size, letterstyle,colours,reading voice and reading speed to suit you.

9 Can parents or teachers help?

Yes. Parents and teachers can support learners with word lists, spelling clues and the family setup.

10 Is my information private?

Saved words, tapes and cards are linked to your account or family setup.

Start with one tricky word

Pick one word that keeps catching you out. Try hearing it, seeing it, adding a memory picture and saving it to My Tape.
